

European Public Sphere Workshop

LET'S GET TOGETHER

A stage for young European voices!

Exploring ways of participating in civil society

Sessions every Tuesday from 08 June - 29 June

Ukrainian Vibes - European Public Sphere

It's time to keep your eyes wide open and continue the journey across Europe with us!

Since Europe doesn't end at the borders of the European Union, we are very happy to announce the European Public Sphere finally travels to Ukraine in summer 2021 in its virtual "Ukrainian Vibes" tour! Together with our partners Democracy International, the National Ecological Center of Ukraine and Change Communication we will open our Europe Dome to the digital public sphere.

The Workshop

Giving young European voices a stage and empower them to participate in civil society.

This is the goal of the workshop in which you learn, share and strengthen your knowledge on **democratic participation** and **sustainable development** in order to build the Europe you want to live in. We are lucky to have students from the Junior Academy of Sciences of Ukraine joining us. Besides them, every young, interested European (age 14-21) is welcome to join the sessions.

To achieve this goal our workshop includes a mixture of discussions and interactive group tasks. The workshop will be held in English. Ukrainian subtitles will be provided as far as possible. At the end of the workshop you will receive a participant certificate.

If you are interested in discussing with other participants and professionals about burning questions of our age, join us and register now!

In Cooperation with the Kyiv Junior Academy of Science

Join us

Session 1

Democracy

08 June, 16:00 - 18:00 CET via Zoom

In the first session we will talk about democracy and its principles. We dive into the concept of democracy and discuss contradictory aspects of it.

Session 2

Sustainability & Environmental Consciousness

15 June, 16:00 - 18:00 CET via Zoom

In this session we focus on sustainability and environmental issues. How can you help creating a sustainable environment in our society, country and Europe?

Session 3

European Integration

22 June, 16:00 - 18:00 CET via Zoom

This session will approach the European Integration process with a focus on Ukraine. How can you be an active part of civil society in your country AND on the European level?

Session 4

Our Europe - Create Your Future

29 June, 16:00 - 18:00 CET via Zoom

In the last session we will invite experts from the fields of Democracy, Sustainability and European Integration to give professional insights on each topic and discuss our part of building a united European future together.
