# UKRAINIAN VIBES

EUROPEAN PUBLIC SPHERE

# WHO WE ARE

We are **Ukrainian Vibes** project - a team of 4 young professionals aged 22 - 24, Olha and Anna from Ukraine, and Nele and Katharina from Germany.

Under the structure of the **Europe Dome**, we are looking for ideas for practical steps that European society including Ukraine can undertake to ensure a peaceful and democratic future in Europe, raising not only awareness but also responsibility.

## OUR TOPICS

### 1. DIFFICULT HISTORY

One of the central topics of our project is the concept of difficult history. Historical memory is the societal remembrance of the past that immensely contributes to national identities. We are eager to talk about the concept itself, the ways in which everyone is influenced by this past, Ukraine's difficult history, and successful memorisation practices.

### 2. CIVIC PARTICIPATION

Societal involvement can be life-saving, as it is in Ukraine today. We want to show what possibilities there are to actively participate as citizens now and in the future.

### 3. ENVIRONMENTAL CONSEQUENCES OF THE WAR

Let's talk about the environmental consequences of the war in Ukraine, and collect ideas on how to better handle international energy dependencies.

### 4. HUMANITARIAN CONSEQUENCES OF THE WAR

How do war crimes violate basic human rights? And how is gender inequality deepened in war times and in the army? Most importantly, together we want to explore what we can do to make our system more just and prevent these atrocities in the future.
